Formation of Anti-ragging Cell

Dear Students am pleased to announce the formation of the Anti-Ragging Committee at VVIT campus. The committee has been established with the objective of creating a safe and supportive environment for all students and ensuring a ragging-free campus. As the designated supervisor of this committee, I am committed to maintaining a zero-tolerance policy towards any form of ragging or harassment within our college premises.

Main Objectives of the Anti-ragging cell in the VVIT are:

1. Prevention of ragging: The primary objective of the cell is to prevent and eliminate any form of ragging or harassment within the college premises. This includes taking proactive measures to raise awareness, sensitize students, and discourage any activities that may lead to ragging.

2. Promoting a safe environment: The cell aims to create a safe and secure environment for all students by fostering a culture of respect, equality, and mutual understanding. It ensures that no student feels intimidated, harassed, or subjected to any form of physical or mental abuse.

3. Informing and educating students: The Anti-ragging cell disseminates information regarding the consequences of ragging and the disciplinary actions that may be taken against those involved. It conducts orientation programs, workshops, and awareness campaigns to educate students about the harmful effects of ragging and the importance of maintaining a healthy academic environment.

4. Receiving and addressing complaints: The cell serves as a platform for students to report any incidents of ragging or harassment. It ensures the confidentiality of the complainants and promptly investigates the reported cases. It takes appropriate disciplinary actions against the perpetrators as per the college's guidelines and the prevailing laws.

5. Counseling and support: The Anti-ragging cell provides necessary counseling and support services to the victims of ragging. It offers guidance and assistance to affected students, helping them overcome the trauma and regain their confidence. It may also refer students to professional counselors or psychologists for further support, if required.

5. Collaboration with authorities: The cell works in coordination with the college administration, faculty, and other relevant authorities to enforce strict anti-ragging measures.

5. Regular monitoring and evaluation: The Anti-ragging cell regularly monitors the college premises and activities to identify and prevent potential ragging incidents.
